Lincoln Excels All Statesmen In Achievement

—Says Mr. Cook.

Opportunities Considered, Mr. Cook Tells History Class That Abraham Lincoln Is Greatest Character in American History.

"From point of achievement, considering his opportunities, I think that the greatest character in American history is Abraham Lincoln," was the opening statement made by Mr. Cook in a talk on Lincoln to his class in American History, Friday morning. "In the midst of indigence and want, having but little schooling, Mr. Lincoln, by sheer force of character, rose to such heights that his name is revered not only in America, but in all the world as well."

"Mr. Lincoln started his career when he debated with Stephen A. Douglas, who was the legal light in the western field of oratory and statesmanship. His Cooper-Institute speech brought him face to face with the great men of the east. From this time on, he was a leader in the political field."

At this point in his lecture, Mr. Cook paused to read Lincoln's First Inaugural Address, asking his class to note its simplicity, its masterful use of English, its sincerity, its absolute fairness both to friend and foe, and its broad democratic principles of government. Mr. Cook said, "I consider this the greatest address that has ever been given, when we realize that it was given at a time when the country was white with anger and hot with animosity."

"As the war was drawing to a close, as the clouds of battle were clearing away, at the moment of victory and triumph just as he was ready to realize his great achievement, the assassin's bullet felled him," Mr. Cook said as a preliminary to reading "O Captain, My Captain" by Walt Whitman.

Mr. Cook closed his address by saying that, although some people believe that the assassination left Lincoln a great man in that if he had lived his fame might have decreased, he believed that a man, who had been able to carry a nation through four and one-half years of the biggest civil struggle ever known, would have been capable of "soothing the turbulent waters during the twelve long years of reconstruction."

24 Pupils in New Class in Violin

A class in violin has been organized in the College demonstration school. There are twenty-four members in this class which meets for an hour each week. Miss Dvorak is the instructor. The violins for the students were bought by the Rural Department of the College.

To Vote on Frosh Proposal Feb. 26

The proposed amendment to the constitution of the Student Association for Freshman representation as sub-

Beware---Not of Ides of March But of Fearful February Exams.

"Horror! For Goodness Sake! Heaven! Oh, my Land! Did you hear what he said our history exam would include? I tell you I'll never live through that week of exams!"

"Mother always says I look a year older at the end of every quarter and it's just because I do so much worrying over how to review; I'm always afraid I'll read something that won't be asked at all."

"Did you ever notice the haggard look on the instructors' faces along about examination time? You know I believe they really hate to give us those terrible quizzes or maybe it's because they work so hard finding questions that the student will never think of reviewing; but O My! did she really tell your class that? Why I thought I could get through in there without much cramming but if she said that—O, what's the use of worrying, we can't be expected to know everything, can we?"

"Are you going to take your mid-week date that week? Well, I don't know, really I should study. I can review for that biology test some oth-

mitted by the committee was voted on and approved by the Student Council at its meeting last Thursday.

The amendment will be submitted to the student body for a final vote on February 26. Ballots will be provided, marked YES and NO, students voting for the amendment will be expected to scratch NO and those voting against it will scratch YES. All ballots will be signed as when the students vote.

The class in Citizenship under Mr. Foster will have charge of the voting.

1st of Concerts Is Given Sunday By M.H.S. Band

College Band and Orchestra and High School Band and Orchestra Scheduled for Four Concerts in Next Two Months.

The Maryville High School Band, last Sunday afternoon, gave the first of a series of four concerts to be given by the College band and orchestra and the High School band and orchestra in the College auditorium. The other concerts will be given on February 28, March 14, and March 28.

A good-sized crowd was present at the concert last Sunday and enjoyed the concert by the High School band, Mr. Hickernell of the Conservatory faculty, is conductor of the band. Mr. Annett, also of the Conservatory, was piano soloist at the concert.

The following program was given: Overture, "The Bohemian Girl" Rolfe. (a) Eleanor Deepen (b) Sparklets Miles Selection, "Adèle" Lampo (From the French Opera by Briquet and Philipp.)

Intermission Piano solo, "Tolichinello" Rachmaninoff Mr. Thomas H. Annett. American Sketch, "By the Swanee River" Myddleton Selection, "Little Nellie Kelly" Verdi Selections from "Il Trovatore" Verdi

The students were admitted on their college activity tickets, and the public was admitted on tickets which had been distributed by the Chamber of Commerce.

A block of 500 tickets for each concert has been distributed to the public by the Chamber of Commerce through the merchants of Maryville.

The remaining programs will be given by the College orchestra and band and the Maryville High School orchestra and band, assisted by members of the College Conservatory.

Garrett Pupils Give Community Program

A community meeting was held at the Maurice Madden home in the Garrett School district Wednesday evening, February 10. General questions of interest were discussed.

The children from the Garrett district, who are enrolled in the demonstration school, gave a program. The children in the primary grades gave a Valentine operetta and the children in the upper grades sang a number of songs.

er time, I tell you—you come past for me and we'll go to the library Tuesday night and we'll just study our heads off and maybe—but then if we study hard about ten or fifteen minutes before class, I believe we can get through.

"Do you keep a notebook in there? May I see it a while? You know I didn't think there was anything important enough to put in a notebook but maybe if I looked through yours, it would help me some."

You remember that English course we took last quarter? Well I didn't review for it till the period before the exam and I got through slick as a whistle and I believe I can this time, too.

"Talking about examinations though, I'd rather take quarterly examinations every week than take an examination in an English University."

"I'll tell you one thing, I'm not going to stay up late at night studying for if I don't get all the sleep I need. I'll never be able to survive those dreadful, pleasure-taking, joy-killing, work-making, awful quarterly exams."

Mr. Partch Quits S. T. C. to Take Offer at Rutgers

Vocational Guidance Head Here, Now On Leave At Harvard, Resigns To Take Position At Eastern College—Gets Ph. D. This Spring.

Mr. C. E. Partch, a member of the S. T. C. faculty, who has been on a leave of absence for the past two years attending Harvard University, has resigned his position here and taken a position at Rutgers College, New Brunswick, N. J. His work there will be development of the field of vocational guidance. Mr. Partch will begin his new work at the opening of the summer session of school. His salary will be \$5,000 per year.

Mr. Partch received his Masters' degree last year and will receive his Doctors' degree this spring at Harvard where he is a fellow this year. He stated in his letter of resignation that his thesis is being written on rural vocational guidance, in which he intended to specialize when he left Maryville.

During this school year, Mr. Partch has been an assistant to Dr. Brewer and Dr. Nichols, both of the vocational guidance department at Harvard.

Mrs. Partch was also a member of the College faculty, here as teacher of the rural demonstration school.

It is a distinct loss to the College to lose Mr. Partch but his new position is a fine advancement and his many friends at S. T. C. and in Northwest Missouri are as one in wishing him success in his new field.

Kittycats Preparing For Wesleyan Game

Practices are being held every night in preparation for the Missouri Wesleyan-Kittycat game to be held Saturday night, February 20.

The game at Cameron was the most exciting game that the team has played for several years. Cameron has a well-balanced team with good players in every section. It would be hard to say what players had more to do with the way in which they made the Kittycats work for every point. A hard game is in view and it will be an interesting one from start to finish.

Leona Badger Writes From Los Angeles

Leona Badger, B. S. '25, in a letter to Miss Shepherd, writes that she is now teaching in Los Angeles, California, and that she will take her Masters' Degree from the University of Southern California this summer. A portion of her letter follows:

"Besides my regular teaching, I have been taking university work here. I will complete the work for my Master's Degree this summer, except my thesis. I am allowed three semesters to complete the thesis. I am making application this week—the beginning of the second semester of this year. That will give me all of next year (school year) to finish my thesis. Can even have that time extended if necessary. Perhaps I had better say I am making application if I can decide upon a subject. They told me I could make application for the degree and decide on my thesis subject a little later."

College High School Loses First Debate

Bill Lamkin and L. S. Dakan, representing the College High School, were defeated by the Burlington Junction debating team in a debate held in the Methodist Church there the afternoon of February 10.

The Burlington Junction team was composed of Sherman Ware and Beatrice Boyer. The debate was in the district league and the locals were eliminated as championship contenders.

There was but one judge, a student from William Jewell College at Liberty. The Maryville team took the negative side of the Child Labor Question.

Miss Frankon and Mr. Cook accompanied the team as well as did a number of the high school students here.

Mr. Cook, in commenting on the debate, said the work of the local team was excellent and a fine spirit was shown by the students.

Doy Carr is the coach of the local team.

Amber Stoner to Chillicothe

Amber Stoner has been engaged as an English instructor in the Chillicothe schools. G. E. Dille, superintendent at Chillicothe visited the college last week to secure a teacher. Miss Stoner was his choice. She left immediately to assume her new duties.

Miss Claire Davis entertained Miss DeLuce, Miss Dow, and Miss Bowman at dinner Tuesday night at the home of her mother, Mrs. Caleb Brogan.

Contestants Are Being Chosen for Society Contests

Several Contestants Picked Last Week and Others To Be Chosen Thursday—Contests Promise Much Enthusiasm This Year.

Plans are going forward rapidly for the annual Inter-Society Literary and Music Contests to be held March 17, 18 and 19. Several of the literary society contestants have been chosen and others will be selected this week. Indications point to one of the liveliest and best contests ever held among the literary societies.

The Philomatheans carried out their meeting in reverse order last Thursday. The business meeting was held first. At this meeting, plans for the trip to Shenandoah were completed. After the business part of the program, which was broadcast Friday night, was given.

Arthur Reed and T. M. Walton were chosen to represent the Excelsiors in one of their debates at the Inter-Society Contests, as the result of try-outs held at the regular meeting last Thursday. Paul Stone and Dorr Ewing, the other team were chosen several weeks ago. The subject of the try-out debate was, "Resolved, that Student Self-Government in this College is Justifiable."

The remainder of the program consisted of community singing and a vocal solo by Opal Mallory.

The Eureka Literary Society began last Thursday on its try-outs, for the spring contests. Hettie Mae Woodward gave a piano solo, "Dance of the Dervishes" by Beethoven and Willie Bell Walters played "Melody in G Flat" by Chapman.

Hettie Mae Woodward was chosen by the judges to represent the society in the piano contest.

Another feature of the program was a declamation, "The Lady Across the Aisle" by Alice Parker Butler, given by Rebecca Briggs.

"A pep Committee" composed of Dorothy England, Fred Street, Ned Colbert and Jewell Goss was appointed to arouse enthusiasm for the society. At the next meeting tryouts for extemporaneous speaking, and vocal will be given. Every member is urged to attend and take part in these preliminaries.

Dramatic Club Will Give "Wisdom Teeth"

At the meeting of the Dramatic Club, February 23, two plays will be given. The cast of characters follows:

"Wisdom Teeth" Aunt Mary Green Her Nephew Burdette Yeo The Girl Georgia Poynter

"Cinderella Married" Lady Caroline Lucille Qualls Lady Arabella Virginia Hill Cinderella Pauline Otto Prince Charming Nora Parr Nannie Hazel Hawkins Robin Florine Tompkins

32 Original Art Paintings To Be Here This Week

Miss DeLuce Has Secured Exhibit By Miss Mary Butler, President of Pennsylvania Academy of Fine Arts—Pictures May Be Purchased.

Beginning Wednesday of this week the Fine Arts department of the College will open an art exhibit of thirty-two original paintings by Miss Mary Butler of the Pennsylvania Art Academy. The display will be open to all students and to the public.

Miss Butler is known as one of the foremost American painters and the Pennsylvania Academy of Fine Arts, of which she has been president for eight years, is one of the oldest and most famous in the country. This Academy ranks side by side with the National Academy of Design. It is an interesting fact that Rembrandt Peale, known as the painter of the most famous portrait of George Washington, was one of the founders of the Pennsylvania Academy.

The College is fortunate in being able to procure this exhibit and it was through the courtesy of Miss Deborah Weisel, head of the department of Fine Arts at the Springfield State Teachers College, a personal friend of Miss Butler, that Miss DeLuce was able to bring this exhibit here following an exhibition at Springfield.

A number of the paintings are studies of the Maine Coast and White Mountains of New Hampshire where Miss Butler spends her summers. In these she has handled beautifully the mist over the mountains of the Presidential Range, as well as studies in the Catskills and the Delaware Gap country.

Perhaps her most conspicuous work is in her marine paintings. She seems to have caught the moods of the ocean in a way which grips the onlooker.

Miss DeLuce is glad to announce that the pictures in this exhibit may be purchased for exceedingly reasonable sums. The College at Springfield and a number of townspeople there purchased several paintings.

Miss Helwig to Give Talk on Astronomy

Miss Helwig will go to Columbia Friday night where she will lecture to the assembly of Stephens College.

She goes at the invitation of the Mathematics Club of that school and will give an illustrated lecture. She says it might be called a popular, non-technical talk on astronomy.

Four More Debates For Bearcat Team

Mr. Wallin, Coach, has Booked Debates With Central College, Park College, Peru Normal and Tarkio College.

Two candidates, Paul Stone and David Nicholson, will participate in the final try-out Wednesday for the honor of representing S. T. C. in the annual Missouri Intercollegiate Oratorical Contest. Several other candidates entered the preliminaries but have been eliminated. The final try-out will be held at Assembly Wednesday morning.

Mr. Wallin, debate coach, has announced that three more debates have been booked on the child labor question but the definite dates have not been set. According to the present plans which are subject to acceptance by the opposing schools, Fred Street and David Max will form the affirmative team to debate Central College of Fayette and also Peru, Nebraska, State Normal, Clarence Bush and Keith Swisher will compose the negative team to debate Tarkio College and Park College.

Swimming Lessons For Grade Pupils

The pupils in the demonstration school will have a new course in gymnasium work next quarter. They will have lessons in swimming instead of corrective gymnastics.

The school will be divided into three divisions, the primary, the intermediate, and the upper grades. Each division will meet every day for twenty minutes of instruction. Miss Parr will be the instructor.

Indians' War-Cry Hushed; Bears Growl No More; Bearcats, Supreme

Cape Girardeau Proves Powerful Foe But Loses 26 to 23 While Mighty Springfield Bears Take Short End of 30 to 22 Score. Bearcat Five Now Leads Conference.

THURSDAY WE'LL SAY AGAIN—WOE TO WARRENSBURG

Conference Games This Week.

Kirksville at Cape Girardeau on Friday night.
Maryville at Warrensburg on Thursday night.
Springfield at Warrensburg on Friday night.

Non-Conference: Bearcats vs. Belton-Raymore Athletic Club, Belton, Mo.

Tarkio College Here Tonight

Conference Games Last Week: Maryville, 26; Cape Girardeau, 23. Maryville, 30; Springfield, 22. Kirksville, 30; Cape Girardeau, 23. Warrensburg, 23; Cape Girardeau, 18. Springfield, 30; Kirksville, 29. Non-Conference: (Warrensburg, 31; Kansas City Schoools, 29.

The Cape Game.

The Bearcats won a second victory from the Cape Girardeau five here on Wednesday night of last week by the close score of 26 to 23, in a slow and poorly played game.

The Bearcats had another "off night" similar to the one they staged at Kirksville early in the season, and only because the Cape five was not playing a fast and hard game were the Bearcats able to have a 3 point lead at the end of the game.

Captain Aldrich could not hit the basket, his passing was inaccurate, and he fumbled often; Burks, who usually can be depended on for a number of counters failed to score once from the field; Hodges who has proven almost a sensational forward was far off-form and scored but three baskets; Joy, while playing a somewhat better game than the most of his team-mates, was not up to his usual form, but Berst at center can be commended for his fight. He led the Bearcat team with five field baskets.

The game as a whole was characterized by the inaccurate passing, fumbling, and the inability of both teams to hit the basket. The Bearcats had many more shots at the basket than did the Cape five, and comparatively easy ones on most occasions, but the junks seemed to be on every shot.

The score:		
Maryville (26)	G.	F. T. F.
Hodges, f	3	2 0
Aldrich, f	1	0 0
Berst, c	2	1 4
Burks, g	0	1 1
Joy, g	2	0 3
Blomfield, g	0	0 0
Cape Girardeau (23)	G.	F. T. F.
Kielme, f	3	0 2
Hunter, f	1	1 1
Jenkins, f	0	0 0
Mahew, c	5	0 3
Buckminister, g	2	0 2
Miller, g	0	0 1
Bauerle, g	0	0 1

It's "Pretty Soft", She Thought--- But Soon She Changed Her Mind

She was young; she was cook-sure, but she couldn't tell a class to trust to sight and write because it looked right. That night she bought "The Little Grammar," by Cross.

A few days later, she planned to read to them and found out that she had to look up the pronunciation and meaning of several seemingly simple words. "Teaching is not a snap," she decided.

And so on through the quarter. There were always visitors and visitors and she could never tell just what situation might arise.

She experimented on socialized recitation, on projects, on deductive and inductive lessons, and on all the schemes and plans she had read about. "But, after all, it wasn't so bad," she sighed, when she handed in her class book at the close of the quarter.

"But never before have I worked so hard. How will I manage next year when I'll have five classes a day instead of one?"

The Bearcats "got right" on Thursday night and tore into the Springfield Bears with plenty of that old Bearcat fighting spirit to emerge victorious 30 to 22 at the end of a closely contested battle. Approximately 1600 people watched the Bears go down in defeat and the Bearcats climb to the lead in the conference standing.

The Green and White five played a brand of basketball just the opposite to that displayed by them the night before against Cape Girardeau, and it was this sudden change for the better, plus an abundant supply of fight and that never die spirit that enabled the Bearcats to defeat one of the strongest teams in the conference. The Bears were leading the conference up until this game, followed closely by the Bearcats, and only because a Bearcat can't lose when he won't, he is now leading, with Springfield ranking in second place.

The game was hardly well underway before the Bears had clipped the meshes for three counters from the field giving them six points, and the Bearcats had hardly touched the ball. Maryville called time out, rested a minute, came back with a rush and tied the score with a same number of field baskets. Springfield scored next with a free throw making the score 7 to 6, then Burks got another for Maryville, putting them in the lead, and then both teams seemed to take their one field basket or free throw in turn. Springfield would lead for a minute with one point, then Maryville would get a basket and go into the lead. This was the story until the end of the half. Keeping the large crowd in a fit of frenzy. The first period ending 15 to 14 in favor of the Bearcats, Berst at center scoring last.

Between halves the 1600 basketball fans were entertained, and somewhat calmed down by the college Girl's Pep Squad under command of "Captain" Bruckner.

Springfield started the second half in about the same fashion as the first, scoring two field baskets in quick succession. Burks scored for Maryville, then Captain Aldrich tied the score again with a free throw. Another field basket gave Maryville 20 points and a lead the Springfield five were never able to regain. In the closing minutes of play the Bearcats looped in five more 2-point counters to give them, finally an 8-point lead, a victory, and the lead in the conference.

The game in all its points was fast and clean, closely contested, and not void of thrills. The teams were evenly matched as the score up until the closing minutes indicates. There were no outstanding players on either team, every man on the floor was sharing equally with his teammates the responsibility or the glory.

Maryville (30)		
Aldrich, f	1	1 2
Burks, f	6	1 0
Hodges, f	0	0 0
Berst, c	4	0 3
Blomfield, g	0	1 2
Joy, g	2	1 0
13 4 7

COLLEGE OATH
"We will never bring disgrace to this, our College, by any act of cowardice or dishonesty. We will fight for the ideas and sacred things of the College. We will respect and obey the College laws and do our best to merit a like respect and reverence in others. We will transmit this College to those who come after us, greater, better, and more beautiful than it was transmitted to us."

It is interesting to note that a committee of conservative Bostonian judges awarded the first prize for the best high school publication to a western high school, at Spokane, Washington.

HONESTY AT S. T. C.

Yes, the girls from the home economics department might have conducted their candy sale at the shows last week quite as successfully without sales-girls by following the same idea as carried out at Washington and Lee as stated by President Lamkin in his talk at Assembly last Wednesday.

The students of S. T. C. have those same characteristics, that same spirit of honesty and worthiness, and a plan similar to the one mentioned can be carried out here among the student body. Give the Stroller, the Curious Cub, a Kitty-Cat, or a Bearcat a chance to prove that the other fellow can't get away with anything that isn't square and he will show you that S. T. C. has that same spirit.

FRIENDSHIPS

"It is a good and safe rule to sojourn in every place as if you meant to spend your life there, never omitting an opportunity of doing a kindness, or speaking a true word, or making a friend," and we wonder if Ruskin placed the "making of a friend" with the thought that "the last is best." At least his whole quotation applies remarkably to the situation in our college.

We are here for several months, seemingly all too long now, but what is a month in time's great hour glass? Each day we meet girls who are charming, clever and sincere, but why are we so lacking in real friendships? We hurry along, from day to day, ever vowing that we really learn to know our associates soon, but time creeps on and we find the personal, friendly touch lacking that would often be so encouraging. We are all so closely related in our chosen profession, in school organizations and daily contact that true friendships are to be sincerely desired.

Someone may say that it is not possible to have a number of true, sincere friendships, but Schiller says, "We can never replace a friend. When a man is fortunate enough to have several, he finds they are all different. No one ever has a double in friendship." And so we see that the more real friends we make the more beautiful will be our own lives.

Browsing through many inspiring pages we find Sir Temple's quotation "Something like home that is not home is to be desired; it is found in the house of a friend." And he might have gone farther to say that the tangled, broken threads of this complex life may all be mended in the heart of a friend. And these same golden threads are the ties that bind human hearts together.

—Teachers College Scout.

EDUCATIONAL BRIEFS

Dean Williams of the School of Journalism of the University of Missouri, has recently gone as exchange professor to the City of Mexico to deliver a series of lectures at the University of Mexico. In a few weeks Dr. Puig, rector of the U. of Mexico, will give a series of lectures in return at the U. of Missouri on journalistic and educational topics concerning his own country.

Dr. Alexander Meiklejohn, former president of Amherst University, who resigned from that position in 1922 after a bitter controversy in which he defended himself from charges of radicalism in his educational views, has been recently appointed professor of philosophy at the U. of Wisconsin. President Frank speaks in high terms

of Mr. Meiklejohn and of the service that he can render to the university.

Helen Wills, U. of California tennis star, and one of the best women players in the United States, is winning honors in the Riviera at Cannes and Monte Carlo, in various tournaments. She will probably have a chance soon to try her strength against the world's champion, Mlle. Suzanne Lenglen.

The Pan-Hellenic Congress of sororities meeting at Dallas, Texas, has ordered a survey of American colleges in regard to social conditions.

Authorities at William and Mary College at Williamsburg, Va., banned the Charleston because it does not emphasize grace and beauty.

Knut Rockne, football coach at Notre Dame University, joined the athletic Church not long ago in the presence of 1,000 students. He has recently sailed for Europe for a few months vacation.

Music Students Give Program at Assembly

The students of the College Conservatory of Music, presented the program for the assembly Wednesday morning. Among those who participated were several of the younger students of the conservatory. The program follows:

Piano solo—"Sunbeams"—Leunance, Jenn Montgomery.
Vocal duet—"The Passage Bird's Farewell," Hildach—Elizabeth Mills and Pascal Monk.

Clarinet trio—"Second Movement of Clarinet Trio"—Beethoven—William Person, John Heath, Arthur Brewer.
Piano solos—(a) "Old Vienna"—Godwsky. (b) "Malaguena"—Albeniz—Elizabeth Mills.

Violin solo—"Air Varir No. 1"—Dancila—Beatrice Hansen.

The program was in charge of Mr. Gardner.

Many New Books Coming to Library

The library is constantly receiving new books and it would be advantageous to the student to keep himself informed on current writings. Below is a list of new books which might prove interesting.

"Visiting the Teacher at Work," by C. J. Anderson.

"How to Teach a Trade" by R. W. Selvidge.

"Rural Education" by Orville G. Brim.

"Portmanteau Plays" by Stewart Walker.

"Chopin, the Man and his Music" by James Hunicker.

"The Book of Entrees" by Janet M. Hill.

"The Scientific Study of Human Society" by F. H. Giddings.

"The Instructor, the Man and the Job," by Chas. R. Allen.

"Second Year College Chemistry" by W. H. Chapin.

"The Problem Child in School" by Mary B. Sayles.

"The Conquest of Cancer" by H. W. S. Wright.

"Biographical Sketches of American Artists" by Michigan State Library.

"The Girl Scouts' Director" by Edith Lovell.

"Analytic Mechanics" by J. A. Miller and S. B. Lilly.

"Source Problems in U. S. History" by A. C. McLaughlin.

"The Spirit of American Sculpturing" by Adeline Adams.

"Laboratory Manual of Organic Chemistry" by Fisher.

"Inorganic Qualitative Analysis" by H. A. Fales.

Curriculum Building Stressed at Meeting

Mr. Phillips, who attended the recent meeting of the Missouri School Administrators at Columbia, said that the meeting was characterized by the high calibre of its program.

In addition to addresses by many of Missouri's leading educators there were addresses by several men of national reputation in their fields among which were Superintendent E. E. Lewis of Flint, Michigan; Professor R. N. Tryin, University of Chicago; and S. A. Courtis, University of Michigan.

The addresses of these men and one of the outstanding characteristics of the meeting was the emphasis placed on curriculum building.

Entertainment was furnished by the glee clubs of the University of Missouri and the delegates were given a banquet by Stephens College and a banquet at the Boone Tavern by the Commercial Club.

"Liberty Bell" Gets Praise

"The Liberty Bell," the publication of Liberty High School has recently received a most complimentary letter from a committee of Boston judges who were appointed to award the prize offered by the "Youth's Companion" for the best high school publication.

Miss Dow's mother is the faculty advisor of "The Liberty Bell."

Department Doings

English

Miss Dykes will teach the following classes in English the spring quarter: History of English Language 102, Later National Period of American Literature 131, and Survey Course in American Literature 63.

Manual Arts

The manual arts department is making some new wall stacks and eight magazine racks for the library. The magazine racks are so arranged that the magazines are all easily seen and will be separated according to the type of the magazine.

Millinery Class

Miss Anthony announces that she will offer a course in millinery next quarter at 1:20. Anyone may take this course as there are no prerequisites. Since the course offers only 1 1/4 hours credit, it can easily be correlated with a course in marketing, art, commerce, or physical education. Miss Anthony suggests that for those girls who like to have a variety of hats with little expenditure, this class should have an especial appeal.

French

More than fifty French students are reading "La Petite Journal", a bi-monthly French paper. About twenty have signed up for French correspondence.

English

The teachers of the English 11b classes, have adopted a new method of grading papers. They grade each of the papers until the first mistake is found and lay it aside. By this means they hope to make more efficient English students.

Original Painting at Liberty H. S.

As a result of the plea for high schools to buy original paintings, the Portmanteau Club at Liberty, Missouri, has recently purchased for the new Liberty High School building an original painting—"Shipwrecked; A Sail at Last" by Alexander Harrison, who is a member of the national assembly.

Glenn Colwell, A. B. '25, a teacher in the upper grades and supervisor of art in the schools at Oyen, Alberta, Canada, has written to friends in S. T. C. telling of her work, of how much she can now appreciate S. T. C. and what this school has done for her.

Kittycat Captain Referees B. B. Game

Loreno Bruckner, Kitty-Cat Captain refereed a basketball game last Wednesday night at Pattonburg between the high school girls from Chillicothe and Pattonburg. Pattonburg won 49 to 9.

A very close score was expected by every one interested in this game and watching the teams closely, for last spring in the Northwest Missouri Tournament, the Chillicothe girls eliminated the Pattonburg girls in the semi-finals by one point, the score being 13 to 14. This year each team has practically the same lineup, each team having lost only one player. The results of this game points to Pattonburg as one of the strongest contenders for the championship of Northwest Missouri.

The Pattonburg team is coached by C. T. Richards, one of S. T. C.'s grads.

10 High School Teams Are Guests of College

Ten high school basketball teams of Northwest Missouri were guests of the College last week at the Cope Girard and Springfield basketball games. At the beginning of the basketball season the College sent out invitations to all high school basketball teams in Northwest Missouri asking them to be the guests of the college at any one of the College games.

The following teams were here last week: Rosendale, Skidmore, Pickering, Graham, Clearmont, Grant City, Pattonburg, Hopkins, Daleview, Burlington Junction.

Rose McMasters, a former student of this college is directing the senior play at Glasgow, Mo.

Plans for the nationalization of Kappa Tau Pi, interdenominational religious fraternity, were made at the Oklahoma A. and M. during the holidays. Chapters will be installed in other colleges through petitions.

The student poll on the world Court question at Ohio State University showed 70 per cent of the student body to be in favor of the entrance of the United States into the Court.

The new stadium at Northwestern University, is assured for the 1926 football season.

YOUR LEISURE TIME

What do students think of when going to and from school; when doing tasks of a routine nature that require no thought on the part of the deer; or when temporarily idle?

If this time were spent in constructive thinking and planning, and in organizing one's thoughts, more efficient work could be accomplished. If we know definitely just how we will go about accomplishing our various tasks, the time spent in doing them will be used more efficiently.

There is so much to be done in our leisure moments that we should know how to spend this time so as to obtain the best results. One of the aims of education is to teach us to use our leisure time, and someone has aptly said that what we are depends upon what we do in our leisure time.

The Pupil's Viewpoint

Johnny hesitated when his teacher called on him to recite.

The teacher, who wished to cure pupils of bluffing, said to him:

"John, what would you call a person who pretends to know everything?"

Johnny (immediately)—Why, a teacher, of course.

Miss Dvorak To Broadcast Friday

Miss Dvorak of the Conservatory faculty, Dr. D. J. Thomas, pianist of Maryville, and Marvin Thomas, baritone of St. Joseph, will broadcast a concert from KMA, Shenandoah, Iowa, Friday evening of this week. The broadcasting hours will be from 9 until 11 p. m. This is the second time that Miss Dvorak and Dr. Thomas have broadcast from KMA this year.

Miss Bowman, Miss DeLuce, and Miss Dow were week-end guests at the home of Miss Dow's mother in Liberty, last week.

Washington Warned Against Extravagance

"As a very important source of strength and security, cherish public credit. One method of preserving it is, to use it as sparingly as possible; avoiding occasions of expense by cultivating peace, but remembering also that timely disbursements to prepare for danger frequently prevent much greater disbursements to repel it; avoiding likewise the accumulation of debt, but by vigorous exertion to discharge debts necessarily incurred."

In these words George Washington, whose birthday we commemorate the 22nd of this month, pointed out the way to financial soundness of his country in his Farewell Address.

This advice is as sound now as it was in 1796. Its principles apply as well to the individual as to the nation.

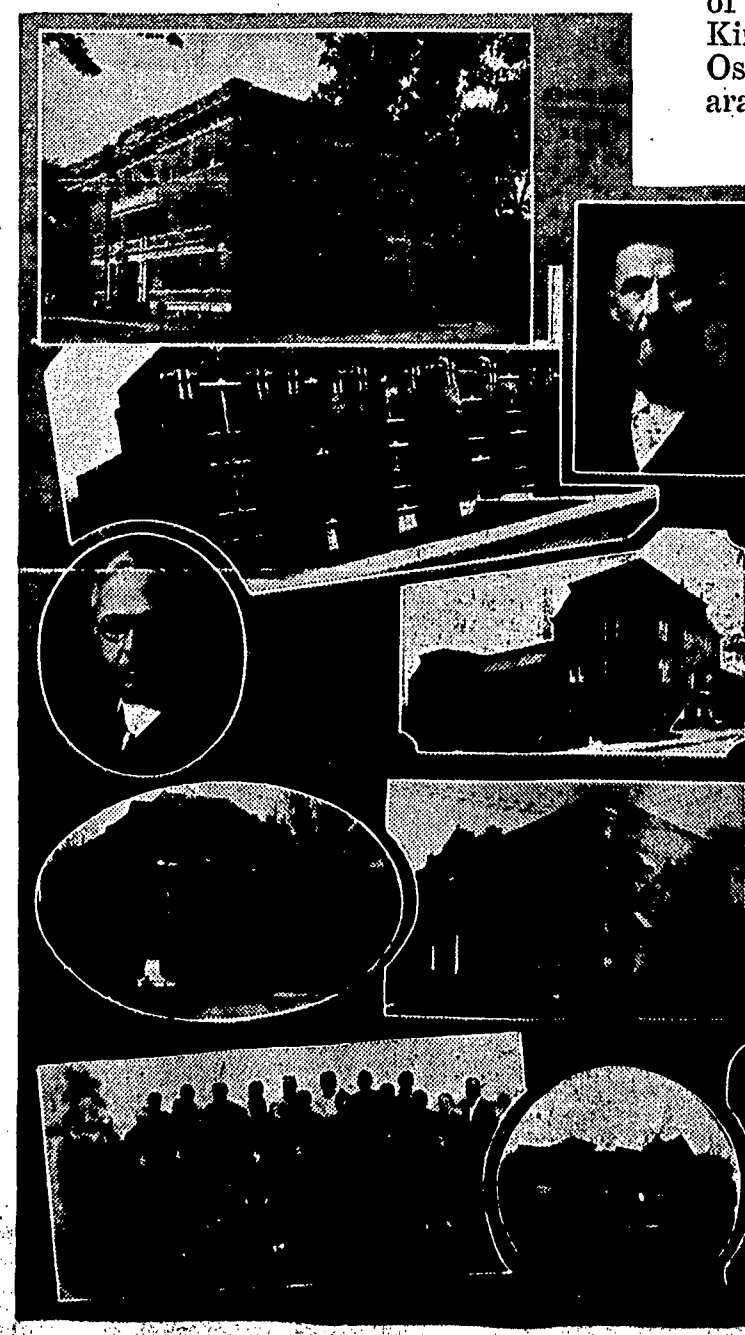

As the birthday of the "Father of Our Country" is being reverently observed, we of this banking institution, remind you of his advice for financial soundness. Our service is always at your disposal to enable you to practice the financial principles laid down by this great American.

Farmers Trust Company

Maryville's Bank of Personal Service.

WHERE WILL YOU BE TEN YEARS FROM NOW?

WHAT is an important question to ask yourself when considering your future. What looks to be a splendid opportunity today may prove to be a rut later on. What is a good position for you at twenty may fail to grow with you and cause dissatisfaction at thirty. Your obligations are sure to increase. Will your field of endeavor permit unlimited expansion?

To the osteopathic physician, the future holds no limitations. He can develop his talents with the knowledge that his own ability is the only restriction. At thirty he is a general practitioner. At forty he can be a specialist. At fifty he may be an authority in some particular field. His income grows with his increased ability.

There is room today for many thousands more osteopathic physicians and surgeons. By training and by law they are true physicians, capable of handling the situations that are met with in practice. It requires four years in the Kirksville Osteopathic College after completing high school to become a Doctor of Osteopathy. The course of study given herewith indicates the thoroughness of preparation.

COURSE OF STUDY

	Average for 8 Class A Medical Colleges	Kirksville Osteopathic College
HOURS		
Anatomy	542	594
Histology & Embryology.....	243	270
Bacteriology & Hygiene.....	228	252
Dietetics	16	54
Chemistry & Toxicology.....	475*	450
Biology	144*	90
Diagnosis (Physical, Clinical, Differential & X-Radiance).....	160	216
Gynecology	112	162
Obstetrics	186	126
Practice (Includes the study of the diseases, pediatrics, psychiatry, hydrotherapy, dermatology, medical jurisprudence and therapeutics (for the osteopath this means osteopathic principles and technique, for the medical man, this means pharmacology and materia medica).....	1021	1062
Pathology	338	216
Physiology	284	216
Surgery	527	504
Eye, Ear, Nose & Throat.....	91	198
TOTAL.....	4,367	4,410

*In these subjects, the time given includes the work in these subjects during the pre-medical years.

The Kirksville Osteopathic College is the oldest and largest osteopathic college. It is a non-profit educational institution with a half-million dollar plant. It has many splendidly equipped laboratories and classrooms. The student body numbers about eight hundred and student activities include all phases of modern college life. Athletics are promoted along both intercollegiate and intramural lines.

The training received at the Kirksville Osteopathic College is thorough and provides a firm foundation for a successful career. We will be glad to send you additional information and a college catalog. Write today or consult your local osteopathic physician. It entails no obligation on your part to make inquiry.

Fall term starts September 6.

THE KIRKSVILLE
OSTEOPATHIC COLLEGE

Kirksville, Missouri

In The Social Swirl

Colonial Party

The seniors and sophomores will entertain the student body at the annual Colonial party at Residence Hall next Friday night. Dancing will be one feature of the entertainment.

A sophomore committee composed of Dorothy Dow, Lucile Sturm and Doris Shuler, and a senior committee of Russell Hamilton, Myrtle Hankins, and Virginia Robinson have been appointed to make all arrangements for the party. These committees urge that everyone come costumed to the party.

Surprise Birthday Dinner

A surprise birthday dinner was given at the home of Mrs. E. R. Pyles, 420 West Ninth Street, in honor of Hazel Hawkins. The decorations for the table were in red and white and Valentines were given as favors.

Those present were Bessie Patton, Gladys Adkins, Lettie Wagonblast, Dorothy Newsome, Mildred Wygal, Dorothy Hunterton, Callie Fisher, and Iele Turner.

Senior Tea

Dean Barnard entertained the members of the Senior Class at afternoon tea Sunday from 4 to 6 in the recreation room. The tea was held immediately following the concert in the auditorium. Miss Painter, Miss Dykes, and Miss Dow assisted Miss Barnard, and Mrs. Foster and Miss Stowell poured.

Surprise House Warming

Miss Dow and Miss DeLuce were given a surprise house warming last Monday night. It was an ideal party in that the guests brought their own dinner and even their own dishes. The evening was spent in playing bridge.

The guests were: Mr. and Mrs. Rick-enbrode, Mr. and Mrs. Earl Barnard, Miss Barnard, Mr. and Mrs. Eck, Mrs. M. E. Ford, Miss Dykes, Mr. and Mrs. George B. Baker and Mrs. Carrie Caldwell.

Freshman Tea

Dean Barnard will entertain the freshmen at afternoon tea on the opening day of the spring quarter.

Happy Band Party

The Happy Band, a junior federated music club consisting of thirty-five members, sponsored by Miss Andrews, had a Valentine party in Mr. Gardner's room at the college, Saturday afternoon.

The room was decorated in red and white. Musical games and a valentine box furnished the amusement, after which attractive refreshments were served.

The club carries out various educational and social activities, such as recitals and seasonal parties, besides sending one or more representatives to the state contest each year.

Dinner for Iowa Guest

Mildred Wray of Hamburg, Iowa, a former S. T. C. student, who was the guest last week of Gertrude Garrett and Elva Aley, was the guest of honor Sunday at a covered dish dinner at the home of Gertrude Garrett. The guests included: Mildred Wray, Mildred New, Roberta Cook, Marie Chandler, Fern Murray, Minnie Evans, Elva Aley, Merna Williams, Pauline Eckhart and Eva Hoskins.

The Open Forum

WHAT HAS BECOME OF BOYS' PEP SQUAD?

What is this animal? During the football season we saw much of him. But like the groundhog he has gone into winter quarters. During the fall he was seen at all the football games full of pep and fight. He accompanied the team to Warrensburg and carried the spirit of S. T. C. with him. But with the coming of the basketball season and cold weather his spirit has been dampened and he shows himself no more. At every ball game we see the Girls' Pep Squad. But the boys' squad is conspicuous by its small size. It is true that those who come have the fire and pep of old, but what about the absent members? Does lady friend take so much time that they can't leave them during the course of a ball game? Have they lost all of their enthusiasm? I hope not, but circumstantial evidence seems to point that they have. When the Boys' Pep squad is asked to meet who goes? The crowd usually consists of one man, Olo Wyman, the president. No wonder he is getting thin. Facing an impossible task such as he is would make anyone thin. The first two basketball games of the season were free to pep squad members in uniform, many were there. Boys let's see if you can't come forward with the old spirit and show S. T. C. that the Lion of the football season hasn't turned to a Lamb in basketball.

A Student.

Mabel Ralnes, who is teaching in Rock Port, attended the Bearcat-Springfield game last Thursday night.

Miss Anthony's Father Dies at Home Here

Judge C. A. Anthony, father of Miss Anthony, died at 1:30 yesterday afternoon at his home in Maryville following a long illness. No arrangements have been made yet for the funeral services.

Judge Anthony was one of the pioneer residents of Maryville and for a long time was prominent in the affairs of Maryville and Northwest Missouri.

Judge Anthony was born April 29, 1839, at Hackettstown, N. J., a son of Francis Anthony, a native of Tyrone, Ireland. The father emigrated to America about 1818, settled in New Jersey and in 1852 came West, settling as his home Stark County, Ill., where he died in 1876.

Judge Anthony was reared on a farm in Stark County and attended a course of literary reading at Lombard University, Galesburg, Ill. In 1861 he entered as a private soldier Company K, Fifty-first regiment Illinois Volunteer Infantry, remaining in the service until 1865. He was first quartermaster sergeant, then first lieutenant and finally promoted to captain of his company. He was engaged in service in Missouri, Tennessee, Alabama and Georgia.

Mr. Anthony was admitted to the bar in April, 1869, and in 1870 located in Maryville which has since been his home. He at once entered actively into the duties of an attorney. During 1875-76 he was county attorney of this county and the city attorney of Maryville during 1874-5-6. In 1882 he served as a member of the Missouri Legislature (lower house) from this county, and was again elected in 1884. Judge Anthony was elected circuit judge of this judicial circuit in 1886. He was re-elected in 1892 and served until 1898 when he was succeeded by the late Judge Gallatin Craig.

In 1864 he was married to Miss Charlotte Shaw of Stark County, Ill. For a number of years Judge Anthony had not been able to follow the law practice on account of bodily afflictions.

On his retirement as circuit judge, Judge Anthony was entertained at a bar banquet and citizens entertainment which was said to have been one of the outstanding occasions in the history of Maryville. This banquet and entertainment was held on the evening of Dec. 28, 1898, and the committee in charge included Judge W. C. Ellison, chairman, J. S. Shinnabarger, W. A. Blagg, J. W. Tompson, J. H. Saylor, Alvin Bingham, L. C. Cook and Fred Harvey. Lawyers from St. Joseph, Savannah, Holt County, Gentry County, Worth County, Trenton and Kansas City were in attendance. Many letters from prominent attorneys out of the state were received and testified to Judge Anthony's ability as an able jurist.

4 Men on Teams in Tark-Viking Game

It is generally believed that five men are necessary for a basketball team. This, perhaps, is true but a game played by the Vikings of Westminster College, Fulton, against Tarkio College proved that a game could be played with less.

The Tarkio men started for Fulton, and one of the cars got stuck in the mire of the Saline County roads, therefore, only four men and the coach arrived at the Viking camp. The game, which followed, was played with four men on each team. In this game the Vikings beat Tarkio 29 to 25.

Diogenes Could Not Find Another Class Such as This One

An unusually faithful class made itself known last Wednesday afternoon when Miss McManahan's class remained the entire hour despite the absence of the teacher. The incentive for remaining was created when two of the students chose to entertain the rest. Clair Stonecker displayed his talent of cartooning by illustrating on the blackboard the various songs played by Carlos Yehle on the piano. It was not until the closing class bell sounded that members of the class adjourned. It is thought that this class holds the record for remaining 100% during an hour when the instructor failed to arrive.

Beginning Journalism Offered Next Quarter

Beginning Journalism, 124a will be offered during the spring quarter. This class is at present scheduled for the nine o'clock hour. All students, who are planning to take this work next quarter are asked to see Mr. Solomon so the class may be arranged to accommodate the most students. The Green and White Courier is used for laboratory work for students in this class. This course is credited as a general English elective.

High School Notes

Cameron

The Dragons, Cameron High School's entry in the 1926 basketball race is "getting away" in fine form. With five games in the win column, the quintet invaded Trenton last Friday and took the Bulldogs to a 14 to 10 drubbing. This made six victories without a mishap for the Dragon entry. Among the victims have been Hamilton, Easton, Breckenridge, Lafayette and Liberty. Under the able tutelage of Coach Sam Utz the team is improving with each encounter.

At a recent meeting of the letter men of Cameron High a "C" club was organized. The function of this club is to prevent men who have not earned a "C" from wearing the official award for service in football, basketball, and track.

The different departments of music entertained the Junior and Senior High Schools for a short time January 14. The program consisted of numbers from the orchestra, the senior high boys' and girls' glee clubs, and the junior high boys' and girls' glee club. The commercial department gave a program in assembly last Wednesday. The program showed the difference between the management of a badly run office and of a good office. The play was very humorous throughout. Willie, the Office Boy, and Tillie the Toiler, furnished amusement in the wrong kind of an office force.

The Ili-Y Club of Cameron High School has solved one of its problems, that of a meeting time suitable to everyone, by meeting once a week in the school building during the noon hour. Dinner is served by the home economics girls, and a short program and business meeting is enjoyed by everyone present. So far this plan for meeting has proven very successful.

Cameron High School won its sixth debate Monday afternoon. The debate, the fifth of the state debates, was with Trenton High School. The teams were well matched and Cameron won by a two to one decision. Cameron High School will meet at least one more team in the state league.

Gilman City

Following is a clipping taken from the Bethany Clipper in regard to the basketball game between Gilman and Bethany.

"Playing in two of the closest games ever seen on the local court, the Bethany High School boys' and girls' basketball teams took both ends of a double header from Gilman City High School teams here Friday, January 29. "The boys' score was 15 to 12 and in the girls' contest the score was 13 to 9.

"In the girls' game the contest was nip and tuck from the time the initial whistle blew, and at the end of the first half Gilman lead by one point, 4 to 3. In the second half there were several substitutions in the Bethany line-up, and they displayed greater reserve strength than their opponents. Anna Mary Dunn and Velma Nighswonger both were the outstanding players on the Gilman City team. Pauline Joyce, running center and Mildred Black played the most consistent game for Bethany.

"The score in the boys' game zig-zagged back and forth from start to finish. At the end of the first quarter Bethany held the lead 3 to 2, and at the half 7 to 6. In the second half the battle royal continued, Bethany scoring 8 points to Gilman's City's 6.

"The Gilman City boys put up a good fight and made strong overtures, but their opponents showed a slight advantage. Roscoe Gynon and Orlan Dotson of Bethany and Parker and Misner of Gilman City, all playing guard positions were outstanding basket-keepers for their respective quintets."

On Saturday night, January 30, New Hampton boys played Gilman City boys a game of basketball. The local team was tired out from the game with Bethany the night before. The game was slow. At the end of the first half our opponents were two points in the lead, 10 to 8. At the end of the second half the score was a tie, 14 to 14. Five more minutes were played to break the tie, a Gilman player made a foul which gained another point for our opponents. Before either side could gain another point, the whistle blew—the score was 15 to 14 in favor of New Hampton. The week before Gilman defeated New Hampton on their court 29 to 9.

The debating team went to Trenton Friday, January 29. This proved to be our fatal debate, Trenton being the winner.

The Irving Literary Society gave a radio program, Friday, January 11. Special features were "Paul Whitman's Band", songs, quartettes, duets. The numbers were much enjoyed by the Athenians and several visitors.

Hamilton

The Hamilton Hornets were again defeated by their old rivals the Breckenridge basketball team last Friday night. The score was 12 to 13.

Owing to the bad roads the Hamilton and Cowgill basketball game was put off.

The three literary societies met last Friday for their regular monthly program. The Home Economics Society girls challenged the Notlimah and Leontikon girls in a basketball game. The challenge was accepted but the date for the game has not been set.

For the past two or three weeks there has been much sickness in the school. One week physical education class was not held because of this. The Senior Class received its pins and rings last Friday.

California Men Shave in Class

Berkeley, Cal.—The principle of equal rights for men has been established at the University of California. Proof of this was furnished in the classroom of Prof. Ira B. Cross, whose forte is money and banking.

For some time Professor Cross has felt and expressed annoyance at the time taken away from their studies by feminine students powdering their noses and otherwise freshening up their countenances. About a week ago he interrupted a lecture to say that as a believer in equal rights for the two sexes he could see no more reason why the girls should make their toilettes in the classroom than boys.

Then two of the masculine gender appeared with shaving equipment and when Professor Cross started his lecture, they lathered their faces and shaved completely. Professor Cross led the applause, saying that if the two youths would make their names known to him—he was unable to recognize them under the lather—he would see they were given a grade of A for the term.

The Stroller

By f f f f

Although Mr. Lamkin's remarks about honesty among students in the various colleges, had a good effect on the minds of most of the people of the college, they failed in one case. While going to the game Wednesday evening, the Stroller happened in the gym door just in time to see Miss Stowell caught in the act of trying to gain entrance with her Bee Hive shino ticket. We wonder what would happen if someone tried to get a meal at the Hall on a shine ticket?

Mr. Foster, while laying a stack of test papers on his desk at the close of the hour, the other day, said to the class: "Get your grades and pass out."

"My goodness," replied "Weenie" Willoughby, "Are they that bad?"

Speaking of history classes, recently Mr. Cook asked one of the boys, "Who made the first cotton gin?"

"Heavens are they making it from that too?" he wondered.

At a meeting held the other night at the dorm, it was suggested by Belle Riggs that the dorm motto be changed to, "If you feel like petting—get a cat."

In speaking about a certain girl, during a recent conversation, Louise Atwood asked the dean the following questions:

"Does she paint?"

"No."

"Powder?"

"No."

"Smoke?"

"No."

"Give her name to George, he's studying for the ministry."

Chair Stonecker, who has just had his tonsils removed, has been repeatedly asked the question, "What makes you talk so funny?" Finally becoming vexed at hearing it, he answered an inquiring student by saying, "I broke out some teeth shifting gears on a lollypop." Chair is bothered no longer.

That "Fatty" Lewis, a tumbler is generally known after the exhibition he and Barnes put on at the basketball game last week. But it has

been discovered that he is also a juggler, for the Stroller overheard him ask Gordon Roach for a job at the restaurant. "Fatty," in stating his qualifications, said with an air of satisfaction, "I can carry three glasses of water."

The members of the Teaching of History class are still wondering. And no one but Mr. Foster can satisfy their curiosity of an unusual phenomenon. All of them would like to know why he unexpectedly dismissed the class last Friday a few minutes after he had made the assignment. The Stroller heard one student say it might have been caused by the inability of the class to answer any questions.

Social Science Club To Meet Thursday

The Social Science Club meeting, which was scheduled for last Tuesday evening, was postponed until Thursday evening, February 18. The meeting will be held in the recreation room of the college and the program as announced for last week will be carried out.

Mr. Foster will give some of the significant points developed at a recent meeting of the American Historical Association at Ann Arbor, Michigan. Mr. Wells will lead a round table discussion on, "The Federation of Protestant Churches in America."

Those wishing to inform themselves on the above subject will be able to obtain considerable material in the library.

Shooting Stars Take Undisputed Lead in Tourney

B. Z's. Defeat Training School and Shooting Stars Win From Dorm Boys in Last Week's Games of Intra-Mural Tournament.

Team	Played	Won	Lost	Pct.
Shooting Stars	4	4	0	1.000
Dorm Boys	4	3	1	.750
E. K. Z's.	4	3	1	.750
B. Z's.	4	3	1	.750
Y. M. C. A.	4	2	2	.500
Battery C.	4	1	3	.250
Orphans Home	4	0	4	.000
Training School	4	0	4	.000

Games in the Intra-Mural Tournament last week were limited to two on Tuesday night; the B. Z's defeated the Training School 28 to 3, and the Shooting Stars took an undisputed lead in the tournament by defeating the Dorm Boys 25 to 14.

In the first half of the game between the Shooting Stars and the Dorm Boys the play was fast and clean, with neither team able to get much of a lead at any time. The Dorm Boys were the first to score with a counter from the field, and were able to keep the Shooting Stars in check during the whole period leaving the impression at the end that it was to be anybody's game in the second half.

The Shooting Stars had another idea in mind for the second half and immediately began to amass points for the long lead they had at the end of the game. Wakley was high point man for the Shooting Stars with 13 points, while Hollar scored 8 of the 14 points counted by the Dorm Boys.

The Training School five had another surprise to spring in the improvement over its playing of the week before, and although not able to score but one point in the first half, they held the much larger and more powerful B. Z. team to the small score of 8. The Training School team displayed

more fight and received comments from the sidelines on their defensive ability.

The second half, however, was a different story for it was then that the B. Z's. outplayed, outpassed, and counted many more times than their opponents. The strong defensive work of the Training School in the first half was lacking, and the B. Z's were underway in proper fashion. Russell Ruhl scored the only field basket for the Training School, and Masters lead the B. Z. team with 9 points. The game ended 28 to 3.

The scores: First game: Field goals, Shooting Stars, Wakley 6. Zook 3. Houston 1, Smith 1. Dorm Boys, Hollar 4, Gibson 2, Cox 1. Free throws, Shooting Stars, Wakley 1. Zook 2.

Second game, field goals, B. Z's, Brown 1, Masters 4, Wright 1. Ham 2. Carnutt 1, Reynolds 3. Training School, Russell Ruhl 1. Free Throws, B. Z's, Masters 1, Wright 1, Ham 1, Reynolds 1. Training School, Belt 1.

A New "Bluebeard" Appears at Y.W.C.A.

The pageant "Bluebeard," given by the Y. W. C. A. girls Tuesday morning, was in season with the thoughts of the College student body. "Bluebeard" whose other name was "Examination" had brought home a new wife, named "Student." He gave her the keys to all the rooms, but forbade her enter one of these rooms. After he left, some of "Students' friends, "Dance-ing," "Bridge," "Gossip," and "Mat-inees" came to visit her. They insisted that she open the forbidden door. Here "Student" found the former wives of "Examination" — "Stupidity," "Neglect," "Tardiness," "Mooting," hanging by their hair from a rod.

When "Bluebeard" or "Examination" came home and found that "Student" had opened the forbidden door he was very angry and was just ready to hany her when "Student's" real friends, "Midnight Oil," "Concentration," and "Memory" came to her assistance.

Faculty Members Again Enjoy Days Of College Sport

It seems that some of our faculty members are going back to their College days, the days of real sport.

Mr. Eek, Mr. Rogers, Mr. Cauffield and Mr. Glenn are making good use of the new handball court just off the swimming pool at the gymnasium. Handball has become quite a popular sport, especially among the faculty. The most popular time seems to be at 4:20.

The faculty team, composed of the above named members has given out the statement that it will challenge any other team to a game.

As a little dope on the players it might be said that all the members have powerful arms and swing hard at the ball. This is an excellent point except when they completely miss the ball.

Mr. Cauffield is getting back to his old athletic days. Sometimes he returns the ball four or five times and would keep on doing so if he didn't get so tickled over his good plays.

Mr. Rogers plays as one learns pen-

manship. He starts out slowly and gradually works up to a great amount of speed and accuracy.

Mr. Eek talks a great deal during the game and gets so interested in his conversation that he forgets to play. Otherwise he can't be beaten.

Mr. Glenn is the dark horse of the team.

It might prove worthwhile to challenge such a formidable foe though no guarantees can be made as to who would be victorious.

Leah Arnold, a former student, is principal of the grammar school at Liberty.

Laura Margaret Raines, a former student who is attending school at Lincoln, Nebraska, spent several days the latter part of last week with her parents. Mr. and Mrs. H. L. Raines.

David Eads was called to his home in Trenton, Thursday morning by the death of his sister, Miss Lucy Eads. Her death followed an illness from a complication of diseases.

Miss Fay Harrell of Pattonsburg spent Friday night with Lalah Best. Miss Harrell was on her way to Tarkio, where the basketball tournament was held.

The Annual Northwest Missouri High School Basketball Tournament to be held at the STATE TEACHERS COLLEGE Maryville, Missouri

The Northwest Missouri State Teachers' College announces its annual invitation high school basketball tournament at the College in Maryville on

THURSDAY, FRIDAY AND SATURDAY, MARCH 11, 12, 13, 1926.

The tournament this year will begin Thursday afternoon and continue Friday and Saturday. There will be no games played on Friday morning or Saturday morning. Under this plan no team will have to play more than two games in one day.

All games will be played in the new College Gymnasium. The large court, 50 by 90 feet, will be used for the semi-final games Friday night, the finals Saturday afternoon, and the grand championship game Saturday night. All other games will be played on the smaller courts, approximately 40 by 50 feet.

RULES AND REGULATIONS

CLASSES: There will be two classes in the tournament, Class A and Class B. All schools having an enrollment of 200 or more, as of January 1, 1926, will be in Class A. After all entries are in, enough teams will be taken from schools enrolling less than 200 to make sixteen teams in Class A. In choosing these teams the schools will be taken in order of their enrollment. All schools not in Class A will be in Class B.

AWARDS: The championship in each group shall be awarded on the result of a series of elimination contests. The winners in each class will play for the grand championship. A trophy will be awarded to the winner of each class. A third trophy, donated by H. L. Raines, jeweler, Maryville, will be awarded to the winner of the grand championship. The team which wins the grand championship will be sent to the Missouri State Basketball Tournament at the University of Missouri, Columbia, March 19 and 20, 1926. Traveling expenses will be paid by the Northwest Missouri State Teachers' College and entertainment expense will be paid by the University of Missouri.

REGULATIONS.

The following regulations shall apply to the tournament:

1. All teams must be present at the College gymnasium at 1 p. m., on the first afternoon of the tournament, (Thursday, March 11) at which time teams will be matched by lottery.

2. The official rules shall be those prescribed by the National Basketball Conference for 1925-26.

3. The officials shall be chosen by the President of the College. Competent persons living outside the Northwest District will be chosen.

4. All schools entering teams must be members of the Northwest Missouri High School Association. Schools which are not members may join and become eligible for this tournament by sending the regular membership fee, \$5.50 to M. E. Sealeman, Maryville, Mo., before March 6, 1926. The rules and regulations of the Association shall apply to all members.

5. All schools should be a member of the

Missouri High School Athletic Association. The winning team must be a member of the State Association before it may compete in the State Tournament at Columbia, Missouri.

6. The Board of Control of the Northwest Missouri High School Association will pass on all matters of eligibility and controversies. Its decision shall be final.

7. No protests will be considered after 9 o'clock p. m., the day preceding the opening of the tournament (Wednesday, March 10).

8. Enrollment entry blanks must be sent to M. E. Sealeman, Maryville, Missouri, not later than March 6, 1926. Any entry blank bearing a later postmark will be thrown out.

9. Another eligible player may be substituted for the one certified, if, in the judgment of the Board of Control, there is good reason for the certified player not reporting. Such substitutions must be made not later than 1:30 p. m., on the first afternoon of the tournament.

ENTERTAINMENT OF TEAMS.

PLAN I: The State Teachers' College at Maryville will provide room and board for a team of seven men and one faculty representative. Entertainment will begin with lodging Wednesday evening and will continue until the team is eliminated, provided all meals are taken at the College Cafeteria on tickets furnished by the Entertainment Committee. Each coach will pay for lodgings of his team at place assigned and take a receipted bill for same. He will then present the bill to E. W. Glenn, treasurer of the Athletic Committee, and get refund for same up to time first train is out after elimination. All entertainment must be at places assigned by the committee.

PLAN II: The College will furnish lodging for one night for eight persons, and meals for one day for eight persons, for which it will receive from receipts of the tournament, \$12 for each team. These meals are to be one breakfast, one lunch and one supper and are to be served at the College Cafeteria. The above is guaranteed to each team.

The College will take 30 percent of the gross receipts from the tournament for expenses other than board and lodging of teams. It will provide officials, balls, use of gymnasium, trophies, advertising, etc., out

of the 30 per cent allotted to it. It will arrange for additional lodging at 50c per man, per night, (two to a bed), and for meals at the College Cafeteria at 30c for breakfast, 35c for lunch and 45c for supper.

From the remaining 70 percent of the gross receipts is to be deducted \$12 for each team entered, the same to be used in paying for lodging and meals as in paragraph 1.

The balance of the 70 percent of the gross receipts will be pro-rated among the teams participating according to the distance by nearest railroad or established highway, the school represented is from Maryville.

CHOOSE ONE PLAN: On the entry blank is a space in which the school will designate the plan of entertainment preferred. The plan receiving the largest number of votes will be followed.

NOTE: In reaching a decision as to the plan desired, the following facts should be considered:

The College does not desire to make money out of its tournament. It should be allowed expenses.

In 1924 there were 33 teams entered, in 1925 there were 35 teams.

The total gate receipts in 1924 were \$1063; in 1925, \$897.

Meals and lodging cost in 1924, \$405.80, in 1925, \$524.35.

The new gymnasium seats 1000. Admission will be 25c for Thursday afternoon and night, and Friday afternoon. Admission Friday night, and Saturday afternoon and night will be 50c. Season tickets will be \$1.00 each.

If 36 teams enter, and if the receipts are \$1000 the College would receive \$300 for expenses, and one night's lodging and one day's meals would cost \$432. This would leave \$268 to be divided among the teams. If receipts were \$1200, there would be \$408 to be divided while if there were \$1500 receipts, the amount to be divided would be \$618. A larger or less number of teams would decrease or increase the amount to each team. Officials should cost \$200, trophies \$50. Advertising and other incidentals should be from \$50 to \$100.

M. E. SEALEMAN, Manager.
